Worldwide, a shocking 836 million people live in extreme poverty, struggling to live daily on less than the price of your small coffee.

11-year-old Silja Bijnagte wanted to help the food insecure near her Minneapolis church, Lake Harriet UMC, so she gathered her friends and family, solicited supply donations, and planted gardens. What was the result of this Advance hunger project?

Silja and her friends supplied 800 individuals at the Joyce Uptown Foodshelf with fresh vegetables.

Poor nutrition causes nearly half (45%) of deaths in children under five - 3.1 million children each year.

“If you can't feed a hundred people, then feed just one.”
- Mother Teresa
