

# 2021 Conference Communicator Study

## about this project

Every four years, the Conference Relations team at United Methodist Communications (UMCom) collects data regarding the structure, personnel and church communication programs of the denomination's annual conferences. Insights from this research help strengthen relationships with annual conferences.

### Methodology

A Survey Monkey link was sent to 54 annual conference communicators on September 30, 2021. The questionnaire included 33 questions and the estimated completion time was 10-15 minutes. Two follow-up, reminder emails were sent before the study closed on October 18, 2021. In total, 47 annual conference communicators completed the questionnaire.

## Work and tools

UMCom materials and services that communicators most recommend:

**87%** Connectional Giving

**80%** ResourceUMC.org

**76%** UMC.org

**71%** Local Church Services

**71%** UM News RSS feeds

**69%** Training

Communicators utilize a myriad of tools to connect with local churches.

**95-100%** use Facebook, a website and email regularly.

**28%** use podcasts. This is a **20% increase** from 2016

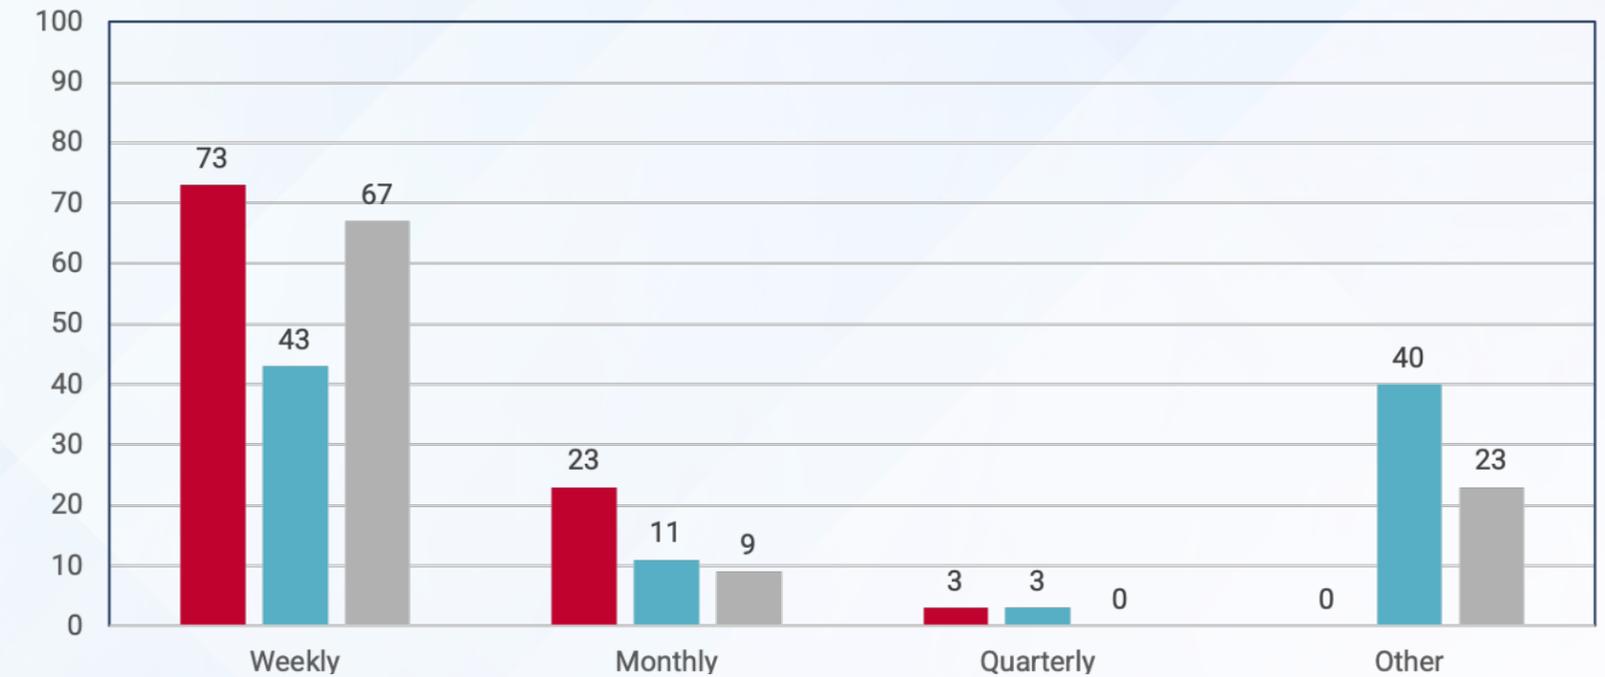

**67%** say they “very or somewhat frequently” send materials from UMC boards/agencies. This is a **10% increase** from 2016.

**55%** use Twitter. This is a **29% decrease** from 2016

**51%** use YouTube. This is a **15% decrease** from 2016

**32%** use Print. This is a **13% decrease** from 2016

## Newsletter Distribution Frequency

There is a continuing trend toward digital-only newsletters.

**49%** in 2011

**62%** in 2016

**87%** in 2021, weekly newsletters are the norm.

## Time and budget

The number of communicators responsible for 500 to 999 churches has increased over time.

**38%** in 2011

**49%** in 2016

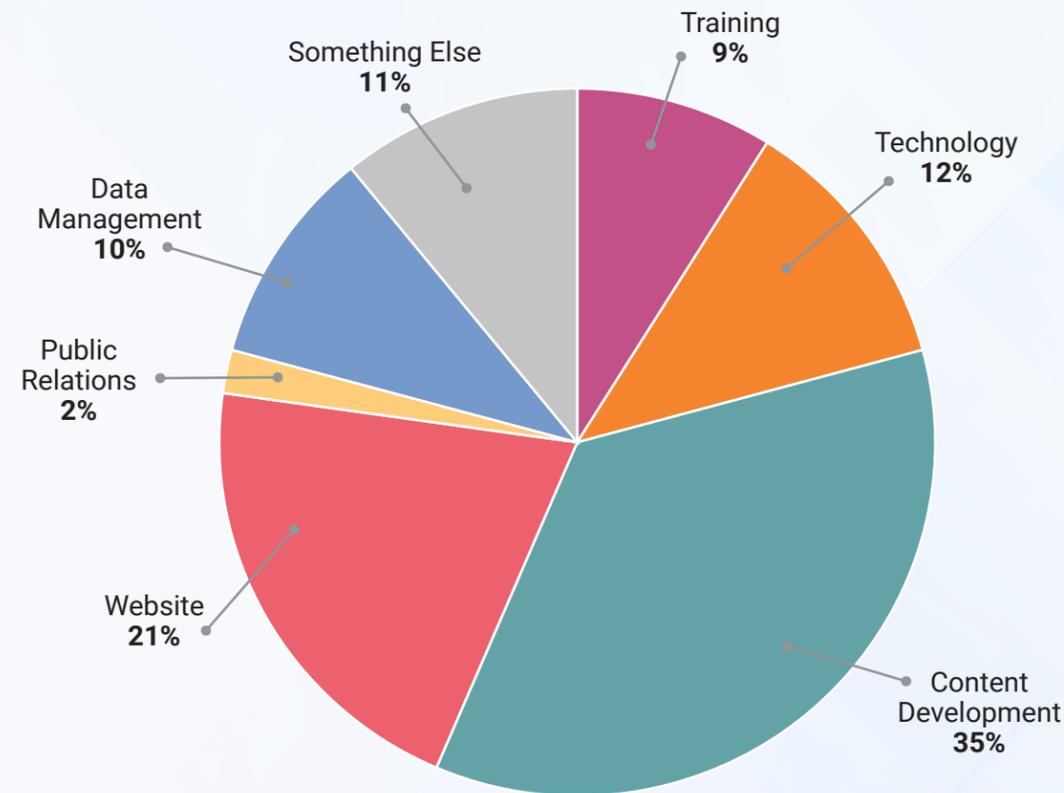

**57%** in 2021

### How funds are utilized:

Most communicators expect their budget will remain the same in 2022.

After staffing, budget is allocated to the annual conference website, videos, technology, digital newsletters and social media management. Very little budget is allocated to print or radio.

How conference communicator teams spend their time:

## Communicator job responsibilities

# Relationships

Most communicators are at a director level, meaning full-time positions reporting directly or indirectly to the bishop. Over half of respondents earn \$50-\$100K.

While communicators feel a strong connection to their annual conference, they feel much less connection with UMC boards and agencies:

**44%** of communicators describe their conference communications as “very effective” over the past two years.

**53%** of communicators describe their conference communications as “somewhat effective” over the past two years.

**25%** have been in their current position *for more than 10 years*.

**27%** have been in their current position for *less than 3 years*.

**47%** have an onboarding process.

**47%** do not have an onboarding process, but would like to have one.

**48%** would be very likely or likely to volunteer for an exchange program in which a conference communicator from another annual conference could be temporarily assigned to offer back up and assistance.

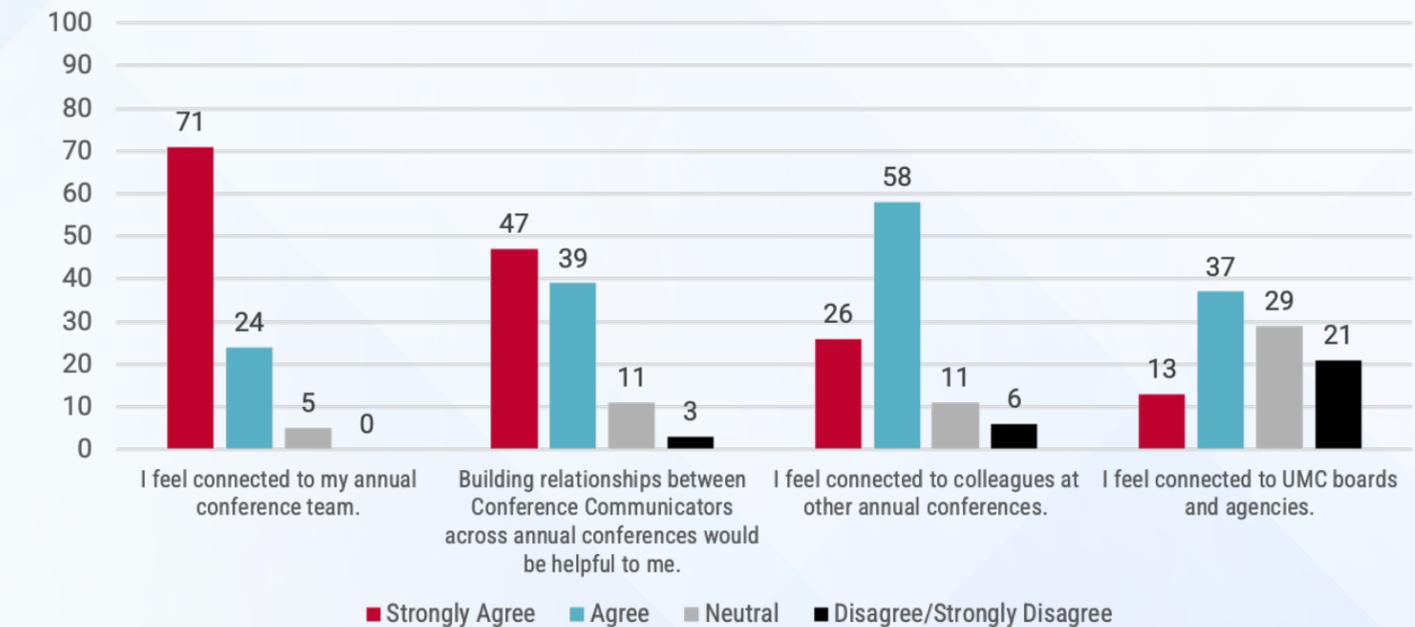

**74%** think a conference communicator exchange program would be helpful to them.

# Interaction with UMC Entities

# Help is available!

The Conference Relations team at UCom strives to build community and to support communicators and the work of their annual conferences. UCom hosts monthly conference communicator meetings to encourage camaraderie and learning.

What can the team do more of, less of, or do differently to strengthen our relationship with you and your annual conference?
