

DESIGN YOUR OWN PEACE POLE!

What's a Peace Pole? These are four sided poles (they look similar to a fence post) and each side is decorated with words and symbols of peace. When you create and plant a peace pole, you are connecting to people all over the world. There are thousands of peace poles across the globe. They are designed as reminders to give out love for world peace. Use the symbols of peace to design the four sides of your peace pole!
