***Request for a Decision of Law Concerning the Petition to Clarify Deadlines in Par. 507***

*From Rev. Keith Dodson*

*Bishop Mueller, I respectfully request a decision of law on the "Petition to Clarify Deadlines in Paragraph 507" recently adopted by the Arkansas Annual Conference, namely:*

*Is the petition, "Petition to Clarify Deadlines in ¶507," adopted by the Arkansas Annual Conference on June 3, 2021, and submitted by the Conference Secretary on behalf of the Annual Conference as prescribed by ¶507.5 and ¶507.6, properly before the postponed 2020 General Conference Session and subject to the provisions of ¶507.8 and ¶507.9?*

This request was documented in the daily proceedings:

***FRIDAY MORNING***

***Question of Law*** -- *Presented by Rev. Keith Dodson, Senior Pastor of Mountain Home FUMC. Rev. Dodson requested a decision of law on the "Petition to Clarify Deadlines in Paragraph 507," recently adopted by the Arkansas Annual Conference, namely, is the petition, "Petition to Clarify Deadlines in 507," adopted by the Arkansas Annual Conference on June 3, 2021, and submitted by the Conference Secretary on behalf of the Annual Conference as prescribed by 507.5 and 507.6, properly before the postponed 2020 General Conference Session and subject to the provisions of 507.8 and 507.9? Bishop Mueller then shared he would release a decision of law within the next (30) thirty days.*

**Analysis, Rationale and Ruling**

The request for a ruling on this question of law is proper since it was presented in writing, addressed business undertaken during the Annual Conference Session and was submitted prior to the adjournment of the Conference.

It is important to note that this question of law is being raised because of a situation not foreseen by *The Book of Discipline*. The unprecedented COVID-19 pandemic not only has caused tremendous suffering globally, it has raised a number of significant questions concerning how the United Methodist Church conducts its connectional life when General Conference cannot meet and make decisions about matters that are time sensitive. Several notable examples include the election of Bishops to General Agencies when General Conference cannot meet to elect them, the mandatory retirement of Bishops when Jurisdictional Conferences cannot meet to vote them into a retired relationship and the denomination's proposed quadrennial budget that General Conference cannot adopt because it cannot meet.

This question of law focuses on whether the fact that a General Conference has been postponed because of unforeseen circumstances impacts the required deadlines for submission of proposed legislation to be considered by General Conference in light of the authority of General Conference as delineated in ¶16. Article IV to set deadlines and the means of dissemination of information concerning business properly before the conference.

The Judicial Council recently has provided helpful guidance concerning this question of law in two distinct ways. In the first instance, the Judicial Council in Decision 1409 ruled that the authority given to the General Conference to enact legislation (in this particular case the process for adopting the denomination's quadrennial budget) must be adhered to even when unforeseen circumstances might suggest to some people that a 'common sense' solution outside the requirements of *The Book of Discipline* should be employed,

### ***Digest of Case***

*The General Conference has full legislative authority in matters of quadrennial budgets and apportionment formulas and acted accordingly in 2016 by adopting the 2017-2020 budget. All recommendations submitted by the General Council on Finance and Administration as part of the process set forth in ¶ 806 require approval of the General Conference. The proposed Base Percentage cannot be used for calculating 2021 apportionments without prior authorization.*

*Absent General Conference action, the 2017-2020 budget, including approved apportionment formulas, continues to be legally binding and operative until replaced by a new quadrennial budget.*

In the second instance, the Judicial Council in Decision 1401 declared that the Commission on the General Conference's ability to nullify a vote at the 2019 General Conference after the fact is limited by the authority given to the General Conference, even when an independent investigation determined that suspected voting irregularities may have affected the results of the vote,

### ***Digest of Case***

*The Commission on the General Conference acted improperly by nullifying ¶ 2553 (Petition 90066 as amended) in between sessions of the General Conference. The action of the Commission is unconstitutional and, therefore, null and void. Our ruling in JCD 1385 on the validity and effective date of ¶ 2553 is affirmed.*

Taken together, these two recent Judicial Council decisions make it clear that the legislative authority of General Conference must be adhered to even in unforeseen extraordinary circumstances. It is from this perspective that ¶¶507.5 and 507.6 must be examined,

*5. Petitions must be postmarked by a national postal service no later than 230 days prior to the opening session of the General Conference.*

*6. If petitions are transmitted by a means other than a national postal service, they must be in the hands of the petitions secretary no later than 230 days prior to the opening session of the General Conference.*

*Exceptions to the time limitations shall be granted for petitions originating from an annual conference session held between 230 and 45 days prior to the opening session*

*of the General Conference, and for other petitions at the discretion of the Committee on Reference.*

These two paragraphs tie the deadlines for submitting petitions to be considered by General Conference to when General Conference actually convenes and not when it is scheduled to convene. The 'opening session' is an actual event. It can only occur when the Conference is called to order. It is not something that can be defined as an anticipated date that never actually occurred. *The Book of Discipline 2016* nowhere gives any group the authority to 'freeze' the deadline for the submission of petitions based on the originally scheduled opening session. It also does not authorize any entity to develop an alternate set of procedures for conducting General Conference if it is delayed or faces an unforeseen circumstance. The only entity that can change these requirements is General Conference.

**I rule that the "Petition to Clarify Deadlines in ¶507" is properly before the postponed 2020 General Conference session when it convenes because it has met the requirements of that paragraph and, therefore, is subject to all provisions of ¶507, including ¶¶507.8 and 507.9.**
